

Mystery Fest-Mr. Bear **Mon., July 17, 9:00-noon/1:00-4:00** **ages 7-9**

This all-day class presents students with a forensic science mystery that they can solve. The class will examine a mock-up of a (not scary) crime scene, and, using some basic investigative skills, determine who stole Mr. Bear. This class has a slightly different age limit, and costs \$40.

Mystery Fest—Felix Murd **Tues., July 18, 9:00-noon/1:00-4:00** **ages 10-12**

This all-day forensic mystery involves observation, problem solving, and detection, as older students try their hands at solving a simulated murder mystery. Please note the special age limit for this class. Cost is \$40.

Slimy or Scaly? **Wed., July 19** **9:00-noon** **ages 9-12**

What are the differences between reptiles and amphibians? Older students will find out the answers in this hands-on class with live specimens.

Escape the Room! **Wed., July 19** **1:00-4:00** **ages 10-15**

This new class allows kids to experience a combo scavenger hunt/escape room and then design one themselves! Note the special age range for this one.

Kitchen Chemistry **Thurs., July 20** **1:00-4:00** **ages 9-12**

Kids can conduct fun and safe chemical experiments using common household materials. Discover some basic chemistry facts using vinegar, baking soda, Kool-Aid and much more!

Soap-making **Fri., July 21** **9:00-noon** **ages 9-12**

Anyone can buy soap, but it's more fun to make it yourself! Participants will melt and mold their own glycerin soap with special natural additives, colors and scents.

Dungeons & Dragons for Kids **Fri., July 21** **1:00-4:00** **ages 10-15**

Go on an adventure! This is an actual D & D game for kids who already have a little experience in playing (or those who took the Dungeons & Dragons 101 class). There is a special age limit for this class.

Feathered Friends **Wed., July 26** **1:00-4:00** **ages 6-8**

What makes a bird different from other creatures? How do their adaptations help them to survive? Take a closer look at our fine-feathered friends with hands-on crafts and live animals!

Crawling Critters **Thurs. July 27** **1:00-4:00** **ages 6-8**

What lives under logs and in the wildflowers? Bugs, of course! In this class for younger kids, they will identify some creepy crawlies, as well as studying them in class through bug bingo and a butterfly life cycle activity.

2023

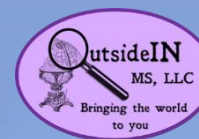

OutsideIN MS SUMMER of DISCOVERY

Join us at OutsideIN MS this summer as we explore, play, and create at our 3rd **SUMMER of DISCOVERY** Camp. With programs focusing on everything from art and architecture to the natural world, our **SUMMER of DISCOVERY** Camps provide an exciting range of activities.

Camps are tailored to a specific age range so that children can explore new skills on their level. Younger kids will look at the wondrous world of snakes and bugs, and learn the basics of art and art history. Older kids are invited to become junior naturalists, architects, artists, or scientists while studying forensics, electronics, crafts, and even a little Dungeons & Dragons!

Most classes are \$25, run from 9:00-12:00 AM or 1:00-4:00 PM, and take place at OutsideIN MS, 112 N. Commerce St., in downtown Natchez. Snacks and drinks are provided during each 3- hour camp.

For more information contact Robin Person at 662-515-0490, rsperson@bellsouth.net , or through the OutsideIN MS Facebook page.

Bubble-ology **Tues., June 13** **9:00-noon** **ages 6-8**
 Making bubbles is an art, and you get to be the artist in this “cool” class! Huge bubbles, multi-bubbles, and bubbles inside of bubbles. Please dress for the mess.

Artsy-Craftsy **Tues., June 13** **1:00-4:00** **ages 6-8**
 Kids love to make stuff, and we’ve got plenty of projects to keep those little hands busy! Make and take is the name of the game in this class.

Opossums Are Awesome **Wed., June 14** **9:00-noon** **ages 6-8**
 Opossums are North America’s only marsupial, and that makes them special! From prehensile tails to “playing possum,” younger students will learn what makes these ancient animals such unique critters.

Light & Sound **Thurs., June 15** **1:00-4:00** **ages 9-12**
 Prisms, reflection, refraction, sound, magnifying lenses and more!

Nature Crafts **Fri., June 16** **9:00-noon** **ages 9-12**
 This entertaining art class for older students focuses on making projects out of common outdoor materials, or things with a natural theme.

Crime Scene **Mon., June 19** **9:00-noon** **ages 9-12**
 It’s CSI for older kids—how cool! Learn about how experts work crime scenes, from fingerprints to footprints, and many other amazing techniques.

Big Blue Sea **Mon., June 19** **1:00-4:00** **ages 6-8**
 Explore the oceans and the critters that live in them in this new class for the younger set. Lots of take-home crafts and games to play!

Zip & Zap **Tues., June 20** **9:00-noon** **ages 9-12**
 You might have the next Edison at your house! This class emphasizes the mysterious aspects of magnetism and electricity with safe electrical experiments.

Hide & Seek **Tues., June 20** **1:00-4:00** **ages 6-8**
 Not a class about a kids’ game, but about animals that use camouflage to hide themselves, and other unique adaptations. They’ve got those patterns and colors for a reason!

Slimy or Scaly? **Wed., June 21** **9:00-noon** **ages 6-8**
 What are the differences between reptiles and amphibians? Younger students will find out the answers in this hands-on class with live specimens.

Solid, Liquid, or Gas? **Wed., June 21** **1:00-4:00** **ages 6-8**
 How can something be (or change to) a solid, a liquid, or a gas, all within minutes? Find out in this fun and safe chemistry class for younger kids.

Dungeons & Dragons 101 **Thurs., June 29** **9:00-noon** **ages 10-15**
 Kids will learn about the most popular role-playing game in the world, the basic rules of play, scoring points, and developing a persona, followed by a beginners’ game. Please note special age range for this class!

Green Thumbs **Thurs., June 29** **1:00-4:00** **ages 6-8**
 It’s all about plants in this class--how they grow, and the many types of plants around us, including trees, fruits, vegetables and weeds.

Lake Kayaking **Fri., June 30** **9:00-noon** **ages 10-15**
 We will take four kids on a kayaking trip to a local lake to explore the plants and animals found there. Experience not required, but kids should know how to swim. Life vests provided. Dress to get wet! Cost is \$40, and transportation is provided. Special age range.

Dungeons & Dragons for Kids **Fri., June 30** **1:00-4:00** **ages 10-15**
 Go on an adventure! This is an actual D & D game for kids who already have a little experience in playing (or those who took the Dungeons & Dragons 101 class). There will be another D & D for Kids class on July 21. Note special age range.

Going Batty **Wed., July 5** **9:00-noon** **ages 6-8**
 What’s the only mammal that can fly? A bat! Do they fly in your hair? No! Do they suck your blood? Sometimes! Learn more about these unusual little critters in this fun class.

Great Masters **Fri., July 7** **1:00-4:00** **ages 9-12**
 Older students examine the artistic styles of the Great Masters with a little more attention to the details. Your child could be the next Picasso! Dress for the mess!

Jewelry-Making **Mon., July 10** **1:00-4:00** **ages 9-12**
 Students will learn the fine points of creating their own beautiful jewelry. This class is open to both girls AND boys.

Build It! **Tues., July 11** **9:00-noon** **ages 9-12**
 Older kids will learn fundamentals of architecture and design, and will compete in several building block challenges. How high can they build a tower before it all comes toppling down? And of course, there will be LEGOS!

Print-making **Tues., July 11** **1:00-4:00** **ages 9-12**
 Older students will make their own artwork to take home, using a variety of printmaking techniques, including linoleum carving. Dress for the mess.

Art for Small Hands **Wed., July 12** **1:00-4:00** **ages 6-8**
 Younger kids will enjoy this hands-on class that explores many different forms of art—sculpture, watercolor, painting, and much more! Dress for the mess.

Little Blob of Clay **Thurs., July 13** **9:00-noon** **ages 6-8**
 What happens when you give a child a hunk of clay? There’s a lot more to do than just squish it between your fingers! Students will learn basic techniques of pot making, including the pinch pot and the roll pot, & can take home their creations. Dress for the mess.

Little Masters **Fri., July 14** **1:00-4:00** **ages 6-8**
 Younger participants will look at the works of some great artists to learn their basic styles and techniques. Then it’s their turn to experiment! Dress for the mess!
